Wind >160 GW
Solar >300 GW
Removing barriers: 3M approach

• More Market

• More Transparency

• More Freedom
Tools & Data to your help in decision-making
Summary

• Exploit your **natural advantage** – you don’t have to consume ALL of what you produce.

• **Target efforts** to policies - at state and national level - that can prove beneficial.

• **Tools are available** to guide how ambitious and how fast can the transition trajectory be.
About RAP

The Regulatory Assistance Project (RAP)® is an independent, non-partisan, non-governmental organization dedicated to accelerating the transition to a clean, reliable, and efficient energy future.
